

**DILLSBURG BOROUGH COUNCIL MEETING
MAY 13, 2008 – MINUTES
7:00 PM**

The Dillsburg Borough Council held their monthly business meeting at the Dillsburg Area Authority Building on the above-mentioned date. Council Members attending were President Jeff Griffin, Vice President Mark Ryder, David Baldwin, Holly Kelley, John Richardson, Michael Whitzel and Kathryn Zeiders. Also present were the following: Mayor Henry Snyder, Borough Engineer Tim Knoebel, Borough Manager Karen Deibler and Borough Secretary/Treasurer Debbi Beitzel.

Borough Solicitor Mark Allshouse wasn't present.

The following visitors were present: Ed McCoy from Citizens' Hose Fire Company #1, Tom Lucas and Mike Tucci from Citizens' Hose Fire Company #1 EMS, Sergeant David Smith from Carroll Township Police, Mary Lou Bytof from the Dillsburg Banner, the Borough's DAA Representative Brian Radcliffe, Planning Commission Representatives Allen Reeves and Leon Zeiders, Hoover Engineering Representative Stan Jarmolenko, Daniel and Jeannette Mikos and Sara and Charles Piper, and Dillsburg Borough Resident Stacey Ryder.

The meeting was called to order by President Griffin at 7:02 PM followed by the Pledge of Allegiance to the flag and an invocation.

APPROVAL of the AGENDA

Vice President Ryder moved to approve the agenda as presented. Motion was seconded by Council Member Zeiders. – Motion Carried.

APPROVAL of the MINUTES

April 9, 2008 Council Meeting – Council Member Zeiders moved to approve the Council Meeting minutes of April 9, 2008 as presented. Motion was seconded by Council Member Kelley. – Motion Carried.

May 6, 2008 Committee Meeting – Council Member Zeiders moved to approve the Committee Meeting minutes of May 6, 2008 as presented. Motion was seconded by Council Member Baldwin. – Motion Carried.

DEPARTMENT REPORTS

Police Department Report

Sergeant David Smith reviewed the April 2008 Dillsburg Borough Police Report with Council and Mayor. The report listed the numbers and types of offenses and traffic incidents. The report also supplied the Council and Mayor with a "crimes clear rate" and a breakdown of hours worked. The total incidents filed for the month of April was 91, which was 19 less than the same time period last year. The year-to-date total was 412, which was 42 greater than the same time period last year. There were three traffic

accidents for the month of April, year-to-date 16, which was one less than the same time period last year. There were 12 traffic citations for the month of April, year-to-date 87. Sergeant Smith stated they were going to start active speed enforcement and will be checking the pedestrian crosswalks.

Part I offenses for the month of April, there were a total of five, which included one burglary and four larceny thefts, for a year-to-date total of 20, with a clearance rate of 25%.

Part II offenses for the month of April, there were ten incidents, which included four criminal mischief/vandalisms, one disorderly conduct, one DUI, one drug offense, two harassment complaints and one other, for a year-to-date total of 43 of which 36 were cleared, with a clearance rate of 83%. The overall clearance rate is 70%.

Sergeant Smith indicated the National Night Out event will be held on Tuesday, August 5th, from 5-9 PM, rain or shine at Logan Park.

Vice President Ryder asked if there was any overtime for April. Sergeant Smith stated there wasn't any.

Sergeant Smith stated after the two days of reported bear sightings, we haven't seen or had any. He reminded everyone to call the police if one is spotted and not to approach it or feed it.

Ambulance Service Report

Mike Tucci provided a report for the month of April to Council and Mayor. There were a total of 101 calls in the month of April and 19 of them were in Dillsburg Borough, which include 19 medical calls, for a year-to-date of 59 calls in the Borough of Dillsburg and a total of 401 for all municipalities.

He indicated EMS week is next week and they will be doing some demonstration classes at the schools and at the firehouse.

Fire Company Report

Citizens' Hose Fire Company – Deputy Chief Ed McCoy presented a report for the month of April to Council and Mayor. Mr. McCoy indicated for the month of April there were 26 runs; one was in Dillsburg Borough, which included one medical assist. He also presented a report with the membership responses for April.

He indicated they participated in May Day at South Mountain School and took in approximately \$450.00-\$500.00 and the Family Fun Night held on May 3 at the firehouse broke even.

He indicated the new Opticon transmitters came in and were mounted on the fire apparatuses for the traffic lights.

President Griffin stated the fire company's website needed updated.

Mayor Snyder asked if he was aware of the Act 8 going into effect on Friday. His understanding of this act is that it will only require a municipality to address service needs within their jurisdiction. Mr. McCoy stated he did hear about it.

Treasurer's Report

The Unpaid Bills Detail and a list of Additional Expenditures were given to each Council Member and Mayor in their packet of information. The total General Fund expenditures for April were \$50,827.47. The Profit & Loss Budget vs. Actual Detail Report and a Cash Flow Report were also given to each Council Member and Mayor. Council Member Baldwin moved to approve the payment of all Unpaid Bills as presented. Motion was seconded by Council Member Zeiders. – Roll call was taken and motion was carried unanimously (6-1). Council Member Richardson abstained due to a conflict in interest.

Planning Commission Report

Mr. Brian Radcliffe indicated the Planning Commission met on April 23rd and one of the items on the agenda was the subdivision plan for 30 Greenbrier Lane. He indicated they reviewed the engineer comments in detail. He stated Solicitor Allshouse indicated since the change in lot sizing would result in a change in the conditions that were preexisting and the applicants would have to go before the Zoning Hearing Board for another variance. Solicitor Allshouse recommendation to the Planning Commission was to table the plan and send it back to the ZHB or work through the plan and review the items. Mr. Radcliffe stated the PC decided to work through the items in the plans and discussed the request for waivers plus the two additional waivers brought into the meeting that night. The waivers were discussed in great detailed and they found the request for hardship wasn't identified or explain and in most cases there were alternatives to each waivers. Mr. Radcliffe indicated to Council as a result of their findings they recommended disapproval of the waivers and if Council would disapprove the waivers the recommendation was the plan be disapproved.

Mr. Radcliffe indicated the second item on the agenda was the Winfield Development for an additional 60 day time extension. Mr. Radcliffe stated the PC's recommendation to Council was based on the developer requesting a reasonable time period of not less than 120 days from the current expiration date. In addition request the developer to provide a time phase schedule outlining all the remaining tasks and actions needed to be done by the developer on the plan in order to gain approval and if those conditions are met we would recommend approval of the extension by Borough Council; if those conditions are not met we would recommend disapproval of the extension by Borough Council.

Logan Park Authority

Stacey Ryder indicated the LPA met on April 16th and there was a discussion on the progress of the walking path. There is a problem locating the pin and until the pin is found they can't continue with the walking path. LPA is trying to contact Todd Lyons who did the original survey to see if he can help locate the pin.

She also indicated a member received a quote about having a self-closing gate installed. Because of the dollar amount of the quote, further bids would be needed. LPA would like to run electricity to that area because the gates would be electronic.

Mrs. Ryder stated they talked about what LPA would do for the 175th Anniversary booth. She indicated Bob Ingram stated LPA would have a mug made by Mark

Fitzgerald. She stated a letter would be written to the 175th Committee to advise them that a booth space would be needed.

She updated Council on the barn progress. Bathrooms: The electric is in and inspected, the ceiling is in and the tile will be going in. The fixtures are on order. The original goal was to have them open by Opening Day of Baseball which didn't happen due to some problems. Upstairs Meeting Room: The drywall is partially installed and ready for insulation, the flooring is ready to go, the heating unit is ordered and the electrician is on stand-by due to the type of lighting being installed.

Mrs. Ryder indicated the next meeting will be held on May 21st in the new meeting room at the barn.

She indicated the topic of a skateboard park was brought up, and being checked into from other townships that have them.

She also stated there have been several questions from people in the community as to why there are no bleachers in the park. She stated the reason is because nothing more than three feet high is allowed in the park due to insurance purposes.

Dillsburg Area Authority

Mr. Brian Radcliffe reported on the meeting held on April 15th. Mr. Radcliffe indicated the meeting started out by commending Steve Blazer, utility worker for the Authority, due to a letter that was received from Jean Hager and Jackie Richardson for fixing a water leak.

He indicated they reviewed the engineer's comments for the Winfield Development. A few concerns were how they would coordinate the work around the stain pipe at the top of Second Street and with the private streets and the width of them.

Mr. Radcliffe indicated the Board approved the right-of-way agreement for Sheetz.

He indicated the Board approved a resolution to increase the escrow amount posted by developers for engineering services due to the rate increase.

Vice President Ryder asked when the bills were being mailed out that would include the sewer increase. Mr. Radcliffe indicated they would be mailed in August.

Engineer's Report

Borough Engineer Tim Knoebel provided Council and Mayor with a written report for April 2008 work performed. He indicated they were involved with site inspections at the Sheetz property and the eci property, review of plans with the Planning Commission, and the street work was put out to bid and will be considered later in the meeting.

Solicitor's Report

Solicitor Allshouse wasn't present and a report wasn't provided.

Tax Collector

Cristina Speicher wasn't present but provided Council and Mayor with a written report.

Borough Staff Report

Borough Manager Deibler provided Council and Mayor with a written report and had nothing to add.

PUBLIC COMMENT

There was none.

CORRESPONDENCE

Secretary/Treasurer Beitzel read a thank you note from New Hope Ministries thanking the Borough Staff for providing orange cones for their 2008 Walk for Hope event.

MAYOR'S REPORT

Mayor Snyder had nothing to report

PRESIDENT'S REPORT

President Jeff Griffin indicated the library is closed indefinitely due to a water leak; therefore the program scheduled for this coming Thursday has been postponed indefinitely.

He indicated the following events would be held on Saturday, May 17th: The PickleFest and Publick Tyme beginning at 8AM and ending at 4PM sponsored by NYCHAPS and DABA; Franklinton Fire Company will be holding a fun and games night and doors open at 4PM; and the NYCSF will be sponsoring a Middle School Dance at the Sports and Learning Center from 7-9 PM. On Sunday, May 18th, the NYCSF will be sponsoring a Longaberger Basket Bingo event at the Franklinton Fire Hall and doors will open at 2PM. On Thursday, May 22nd, the NYCSF is sponsoring a Support out Troops Candlelight Service at Logan Park beginning at 7PM. On Sunday, May 25th, the NYCSF was sponsoring a free family film at the Citizen's Hose Community Hall beginning at 2PM. On Monday, May 26th, the Memorial Day Parade and the Cemetery Service will be held beginning at 12:30PM. On Saturday, May 31st and Sunday, June 1st, the Soap Box Derby Race event will be held on Harrisburg Pike from 7AM-4PM each day. On Friday, June 6th, beginning at 7PM the First Friday at Dill's Tavern event is being held.

He indicated next month's Council Meeting will be changed from Tuesday, June 10th to Monday, June 9th due to the Northern York County School District High School's Graduation. The meeting will be held at the Dillsburg Area Authority Building beginning at 7PM.

President Griffin stated the Borough has received new recycling bins and anyone wanting one should call the Borough Office.

He indicated there were 152 surveys received that were included in the Spring Newsletter. President Griffin read the results (see attached).

He announced the Borough received an award for “Outstanding Newsletter” in the state and he and Debbi Beitzel, Secretary/Treasurer would attend the PSAB Conference in Seven Springs next month to accept the award.

COMITTEE REPORTS

Public Works Committee

- A. Discuss/Take Action – Time Extension Request - Winfield Final Phase 1 Land Development Plan - Vice President Ryder stated the developer of the Winfield Subdivision submitted a Final Phase 1 Land Development plan to the Dillsburg Planning Commission in July of 2007. At this time there are certain deficiencies, matters of incompleteness or other similar items by reason of which the Council cannot approve the plans. The Borough has received correspondence from the developer requesting that a time extension be granted in order for this situation to be resolved before further action is taken. Dillsburg Borough Planning Commission reviewed the agreement for time extension and requested that the Winfield Developer provide Council with a Project Plan that includes expected milestones and progress. Planning Commissions recommended that Council agree to the extension once this report has been received and reviewed. Vice President Ryder moved to grant a Time Extension until September 30, 2008 for the Winfield Final Phase 1 Land Development Plan. Motion was seconded by Council Member Whitzel. Roll call was taken and motion was carried unanimously.
- B. Discuss/Take Action – Mikos/30 Greenbrier Lane Subdivision – 7 Waiver Requests – Vice President Ryder stated the Planning Commission moved that Mr. & Mrs. Mikos must request the Borough Council to grant the seven (7) subdivision/land development waivers. At this time, Planning Commission recommends to Borough Council that the seven (7) waivers are denied due to the fact that a sufficient claim of hardship wasn't made and that there are alternative solutions that could be addressed that wouldn't require the waivers to be requested. The waivers are as follows:
1. Section 506.7.A. (5) (b) – To allow the access drive to be within 10 feet of a fire hydrant (the existing driveway is currently 5 feet from the fire hydrant).
 2. Section 506.6.E – To waive the requirement that street trees be provided.
 3. Section 506.7.A (2) – To allow the access drive to be less than 18 feet (14 feet proposed).
 4. Section 506.7.A (3) – To waive the requirement that the access drive be paved.
 5. Section 506.7.B (2) – To waive the requirement that off street parking spaces be paved.
 6. Section 506.7.A (5) (d) – The access drive shouldn't be located within 3 feet of a property line (pertains to the existing driveway).
 7. Section 402.A. (19), 26-122 – A stormwater management plan.

Vice President Ryder stated based on the recommendation set forth by the Dillsburg Planning Commission, he hereby moved to deny the seven (7) requested subdivision/land development waivers.

Mr. Mikos indicated the one access drive is partially paved and the other one isn't. He indicated two of Dillsburg's largest trees are across from the barn and if the parking area is required to be paved; those trees will be paved all around and will die. He stated the stormwater management cost is higher than they can afford. Mrs. Mikos indicated it could be a \$25,000.00-\$30,000.00 cost on their behalf. Mr. Mikos asked in order to do the stormwater management; you have to blacktop, correct? He indicated there already is a stormwater drain behind the house. He stated it would benefit Dillsburg to have a single family dwelling instead of an apartment house. The house has already had a lot of work done to it and the Dillsburg Banner would be buying the house, which is a part of the town. Mr. Stan Jarmolenko from Hoover Engineering stated these are all existing conditions and can't do anything about them. He stated as far as the stormwater management goes, we are asking that the parking area remain stone, which minimizes stormwater run off to basically nothing. Mr. Mikos stated the driveway had been in its present location before the fire hydrant. Mr. Mikos indicated the potential buyer is planning to tear down one of the garage bays to provide more green space. Tim Knoebel indicated the waivers were on their review letter and asked the Mikos' if the issues being discussed at tonight's meeting were presented in writing to the Borough or Planning Commission as justification for these waivers. Mr. Mikos indicated they missed the April 23rd meeting of the Planning Commission; they thought it began at 7 PM or it was the following week. Mr. Knoebel stated the Borough relies heavily on its Planning Commission for their recommendations on these matters and a very detailed discussion occurred at the meeting regarding each one of the waivers. He continued by stating it's difficult for them to consider your input if you aren't present at the meetings. Mr. Knoebel indicated he read the discussion the PC had and respected their recommendations. He noted that the plan does have an expiration of June 23, 2008, so the Council doesn't have to act on the plan this evening, which would give the applicants the opportunity to work and address these items and modify their plan to meet these items. Vice President Ryder asked the engineer if it would be in the applicants best interest to attend the May 28th Planning Commission meeting. Mr. Knoebel stated they could do that, but they would have to make submissions to the PC with all this information and any alternate solutions they might have. Mr. Knoebel indicated he understands that these are existing conditions, but when a new property line is put in, there are other requirements with regards to driveways, etc. He stated the Borough doesn't have a history of waiving the stormwater management requirements and might want to submit why you think it's expensive and any cost estimates that might have been done. Mr. Knoebel indicated they could attend the meeting, but doesn't know if the Planning Commission would have sufficient information to be able to have much discussion. Vice President Ryder asked Allen Reeves, Chairman of the Planning Commission if this was something they would like to entertain at the next meeting. Mr. Reeves stated it would be

acceptable, but wanted to remind the applicants that there were two (2) meetings in which their plan was reviewed and they weren't present at either one. Mr. Mikos indicated they're under a time line and when the property was bought, he went into the Borough office and asked what he could do with it. He indicated someone at the office told him the steps that he had to go through and it would be approved in January. Mr. Mikos stated the potential buyers have a contract on the house and have been working on it and every month they had to apply for a new mortgage. He stated he was under the assumption this would have been approved by the end of January, 2008. The applicants indicated they are out of money and if the potential buyers pull out, they will be making the home into a 2-unit apartment. Mr. Knoebel indicated the original plan was dated December 31, 2007 and the Planning Commission reviewed it for the first time in January, 2008, and wouldn't have been feasible to have it approved by the end of January. Mr. Jarmolenko indicated the Council should table the plan and let the applicants go back to the PC. Mr. Knoebel stated Council didn't have to vote on the plan at tonight's meeting and could table it. Mr. Mikos indicated this would kill the whole sale and the house would be change back to an apartment house. Mr. Knoebel indicated to Council that based on the plan as presented to you perhaps they should act on the waiver requests and then table the plan to allow the applicants to revisit those items. Leon Zeiders indicated the concern of the Planning Commission is if what they already proposed, is going to be what they continuing proposing, it would be a minute point to discuss it any further, because the waivers have already been denied. Brian Radcliffe stated there were numerous alternatives given to Mr. Jarmolenko at the January and April meetings that wouldn't require waivers or reduce the impact of the waivers. Mr. Radcliffe continued by stating the other part is related to addressing the public good and making a development that would be livable within the Borough. The Borough Council would have to review before approving something which would create a precedent in the future. Mr. Mikos indicated it will hurt the town if the house gets changed to an apartment and they need this to pass, because they are broke. President Griffin asked the applicants if they took into consideration the recommendation from the Planning Commission. Mr. Mikos stated one waiver (stormwater) is going to cost them \$30,000.00. Council Member Kelley asked about the other six waivers. Mr. Mikos indicated one waiver is regarding the blacktop which is already there. Mr. Jarmolenko indicated the PC suggested relocating of the driveway. The PC recommendation is the stone existing driveway would go with the house and put in another driveway for the apartments, with this in mind the parking lot would have to be relocated and the trees would have to be removed. Mrs. Mikos stated there would then be two (2) access drives coming onto Greenbrier Lane. Mr. Mikos indicated they didn't have a problem with the waiver regarding the planting of trees. Mr. Knoebel stated Council isn't in the position to do anything but follow the recommendation of the Planning Commission with regards to the waivers; the plan can be tabled and allow the applicants to go back to the Planning Commission and try to work it out. Mr. Mikos indicated the big issue is the stormwater management agreement and blacktopping the whole parking area. Mr. Knoebel

indicated maybe something could be worked out with the Planning Commission. Mr. Mikos indicated they tried. Mr. Jarmolenko indicated the PC's recommendation was they want impervious type paving. Mr. Knoebel indicated there may be other options. Mr. Jarmolenko stated this was the only option given at the meeting. Mr. Knoebel asked them what would be wrong with looking at another type of surfacing with infiltration on the edge of it. Mr. Mikos stated if you black top, you then have to do a stormwater management. Mr. Knoebel stated with any increase in impervious cover requires a stormwater management. Mr. Mikos indicated they would be decreasing it by tearing a garage down. Mr. Knoebel asked if they were adding any parking area. The applicants and engineer discuss the additional parking area. Council Member Kelley stated it sounded like these discussions should have taken place at a Planning Commission meeting not at a Council meeting. She continued by stating if they were, she is unclear as to why the Council is still at an impasse and these things weren't worked out before they became waivers before the Council. Mr. Jarmolenko stated the Planning Commission had their feelings and we had our feelings. Council Member Kelley stated she respected everyone's feelings, but what is best for the Borough can sit on both sides of the table. Mr. Jarmolenko stated the Planning Commission wants to see the house torn down because it's an eye sore. Mr. Jarmolenko stated the house is habitable and is being remodeled. Manager Deibler spoke on behalf of the Borough Staff, she stated the Borough Staff told all potential buyers, the seller, the selling real estate agent and any real estate agents interested in the property that the property hadn't been previously subdivided, there were many considerations for subdivisions, it wasn't going to be a simple process and she personally offered her services with the help of the Borough Engineer to write down all the things that needed to be discussed and considered before a subdivision plan was done and no one ever took her up on the offer. Mrs. Mikos indicated she never received any phone call to such an offer and asked who this was conveyed to. Manager Deibler stated she and Mrs. Mikos had the conversation in her office. Mrs. Mikos asked if she gave her details on what needed to be done. Manager Deibler stated no, that she had told Mrs. Mikos if she would have given her an idea of what she wanted done in writing, she would review it and have the engineer review it to see if you considered everything that needed to be considered before it went to a Planning Commission meeting. Manager Deibler indicated Mrs. Mikos brought in a plan with the money for a ZHB meeting. Mr. Mikos indicated the plan was already at the Borough Office and previously approved the plan years ago. Manager Deibler indicated that was something totally different. Mrs. Mikos reiterated she never received a phone call, letter or had a discussion in the office regarding the layout of what she needed to do.

Council Member Whitzel asked if Council was going to table the plan, wouldn't they have to rescind the motion. President Griffin stated no, they are only voting on the waivers and has nothing to do with the plan. Council Member Whitzel asked what this was going to do for the property owners. Engineer Knoebel stated the consideration is to first address the waiver requests, so the motion was to follow the recommendation of the Planning Commission and to deny the waiver requests as

made by the applicants based on the recommendations of the Planning Commission; then at the request of the applicants, we recommend the Council consider making a motion to table the plan and allow them until the next meeting to go back to the Planning Commission and work things out. Council Member Baldwin asked if they needed to do anything with the plan, it's still a viable plan until the time extended. Motion was seconded by Council Member Whitzel. Roll call was taken and motion was carried unanimously.

Vice President Ryder moved to table the plan and have the Mikos go back to the Planning Commission and talk with the Borough Engineer Tim Knoebel of KPI to discuss and come up with an agreement. Motion was seconded by Council Member Whitzel. Roll call was taken and motion was carried unanimously.

- C. Discuss/Take Action – 2008 Street Repairs – Council Member Whitzel stated the Borough received 2 bids which were opened at the advertised, public meeting held on Friday, May 9, 2008 at 12:00 PM in the Borough Office building located at 151 South Baltimore St. The Borough received bids from C.E. Williams and Sons, Inc. for \$41,773.00 with a Unit Cost for Curbs of \$35.00/L.F. and, Penny Supply for \$45,506.00 with a Unit Cost for Curbs of \$48.50/L.F. All bids have been reviewed by the Borough Engineers of KPI Technology and Solicitor Allshouse will review all bonding information. Council Member Whitzel moved to accept the bid received from C.E. Williams and Sons, Inc. in the amount of \$41,773.00, subject to review of the bonding and insurance, and authorized the manager to sign the contract. Motion was seconded by Vice President Ryder. Roll call was taken and motion was carried unanimously. Council Member Zeiders asked if there was a time frame for this. Engineer Knoebel indicated they have 90 days from the notice to proceed or until August 31st, whichever occurs first. Mr. Knoebel indicated typically when we start this early they are finished sometime in July. Council Member Whitzel asked what streets were included in the contract for public notice. Engineer Knoebel indicated they are Welty Avenue from Harrisburg Street to Baltimore Street which will include full width paving and some base repair and base repair on South Second Street near Hanover Street. Vice President Ryder asked the engineer if he had reviewed the water going across the road at South Second and Hanover Street. Engineer Knoebel stated he has over the years and this has been a problem from way back.

Vice President Ryder thanked the Borough staff, Dale and Barry for the job well done on the street sweeping.

Public Safety Committee

Neither Council Members Richardson nor Baldwin had anything to discuss.

Administration Committee

- A. Discuss/Taken Action – Resolution 2008-5 – Recycling Coordinator - Council Member Zeiders Act 140 of 2006 requires that a person or entity be designated as recycling coordinator. This coordinator will be responsible for collecting recycling data and reporting recycling program performance for the Borough.

Council Member Zeiders moved to adopt Resolution 2008-5, appointing Helga Thompson as Dillsburg Borough's Recycling Coordinator. Motion was seconded by Council Member Kelley. Roll call was taken and motion was carried unanimously.

- B. Discuss/Take Action – Tax Exoneration Case #2008-2 – Council Member Kelley stated the Borough has received a request for Tax Exoneration for Per Capita and Occupation Tax from Tax Exoneration Case #2008-2. The request has been reviewed by the Borough Manager and the Tax Collector who concur that the applicant has met the requirements for tax exoneration. Council Member Kelley moved to grant the request for 2008 Per Capita Tax and 2008 Occupation Tax Exoneration Case #2008-2 as submitted. Motion was seconded by Council Member Zeiders. Roll call was taken and motion was carried unanimously.

OLD BUSINESS

There was no old business.

NEW BUSINESS

Council Member Zeiders asked if Council wanted to think about changing the August Committee Meeting to another date due to the National Night Out event being held on Tuesday, August 5th. It was voted to have the meeting on Monday, August 4th at the Dillsburg Borough Office beginning at 6:30 PM.

Stacey Ryder asked if the Borough was going to follow up with Carroll Township Police and if the problem was resolved with the situation regarding the gentleman from 21 Harrisburg with the dog. Council Member Baldwin indicated the Borough was notified they filed a lawsuit, therefore they made their move.

Stacey Ryder indicated the skateboarders are getting bad on South Second Street. She stated they are skating in the streets and not stopping at intersections and someone is going to get hit. She asked if she should contact the police or call the Borough. Several Council Members indicated to her to call the Police.

ADJOURNMENT

Since there was no further business, Vice President Ryder moved to adjourn the meeting. Motion was seconded by Council Member Kelley. – Motion Carried. The meeting was adjourned at 8:18 PM.

Respectfully Submitted,

Debbi L. Beitzel, Secretary/Treasurer

cc: Borough Council Members
Mayor Snyder
Tim Knoebel
Mark Allshouse
