COMITTEE REPORTS

Public Works Committee

- A. Discuss/Take Action – Time Extension – Meadows Edge Preliminary Subdivision and Land Development Plan – Council Member Whitzel stated the developer of Meadows Edge submitted a Preliminary Subdivision and Land Development Plan to the Dillsburg Planning Commission in August of 2008. At this time there are certain deficiencies, matters of incompleteness or other similar items by reason of which the Council cannot approve the plans. The Borough has received correspondence from the developer requesting that a time extension be granted in order for this situation to be resolved before further action is taken. Dillsburg Borough Planning Commission reviewed the time extension matter and recommended that Council agree to the extension. Council Member Whitzel moved to grant a 6-month time extension for the Meadows Edge Preliminary Subdivision and Land Development Plan. The plan’s expiration date will now be May 27, 2009. Motion was seconded by Vice President Ryder. Roll call was taken and motion carried unanimously.
- B. Discuss/Take Action – 30 Greenbrier Lane Subdivision Plan – Vice President Ryder stated the Preliminary/Final Subdivision Plan for 30 Greenbrier Lane was submitted to the Dillsburg Borough Council for review and action by Mr. and Mrs. Daniel Mikos. The Borough Planning Commission reviewed the Plan on October 22, 2008 at the regularly scheduled Planning Commission meeting and recommended approval with the conditions as outlined in the memorandum from Borough Engineer Timothy R. Knoebel, P.E. of KPI Technology dated October 17, 2008. Engineer Knoebel stated he spoke with Mrs. Mikos regarding three items.
 - i. The amount of the bonding they would be required to obtain according to the schedule provided November 6, 2008 is \$9,325.00.
 - ii. 90 days to secure the bonding and present to the Borough.

Council Member Zeiders asked what the 90 days was for. Engineer Knoebel stated the Mikos would have 90 days from today (November 11th) to secure the bonding and present to the Borough and they would have one year to complete the improvements. Council Member Zeiders asked what happens if they don't meet these requirements. Engineer Knoebel stated the Mikos would have to either request an extension or the plan would be denied. Engineer Knoebel stated for the record Mrs. Mikos was in agreement with the three items. Council Member Baldwin asked if the property could be sold without the improvements being completed. Solicitor Allshouse stated once the plan is recorded, a new owner buys the property subject to the requirements of the work being done. The Mikos' have an obligation to disclose as sellers and the Borough can enforce the improvements to be done because of the bond that is in place. Vice President Ryder moved to approve Mr. and Mrs. Mikos' Preliminary/Final Subdivision Plan for 30 Greenbrier Lane subject to the conditions as outlined in the memorandum from Borough Engineer Timothy R. Knoebel, P.E. of KPI Technology dated October 17, 2008 and subject to providing the Mikos' 90-days to secure the proper bonding in the amount of \$9,325.00 and one year to complete all the required improvements. KPI has completed the inspection and has recommended Council consider the release of the financial surety in the amount of \$80,100.00. Council Member Whitzel moved to authorize the release of the eci Performance Bond submitted to the Borough on October 23, 2007 in the amount of \$80,100.00. Public Safety Committee

- A. Discuss/Take Action – Farmers’ Fair Situation – Council Member Baldwin stated it has been brought to Council’s attention that despite the fantastic success and fun during the Farmers’ Fair, there were significant issues with regard to property owners’ staking off or roping off their sidewalk and curb areas or placing unused or folded chairs within the Borough or state right-of-way sidewalk, curb and street areas. While the Borough can certainly understand each individual property owner’s desire to have the best seating available, behaviors such as using ropes, tape, chairs, benches or other barricades simply prevent others from enjoying the festivities during Farmers’ Fair and is clearly disappointing to Borough Council and doesn’t provide a proper welcome to those individuals who are attending the festivities in our community. Please be advised that many of the barricades and chairs, while placed in front of a property owner’s residence, were placed within the Borough or Penn DOT right-of-way. Some created safety issues. Borough Council will be taking the proper measures next year to have the Public Works Department remove any improperly placed furniture, ropes, tape or barricades which prevents general public access to the sidewalk, curb and street areas within the Dillsburg Borough or Penn DOT right-of-way before streets are closed on Friday. Borough Council certainly doesn’t wish to discourage those persons living along the parade routes from obtaining the best seating in front of their residence, but obstructions placed solely to prevent others from utilizing the public right-of-way will not be tolerated. As such, we look forward to a better situation during the 2009 Farmers’ Fair with the cooperation of Dillsburg Borough residents living along parade routes. Council Member Zeiders asked if this only pertains to the property owners. Solicitor Allshouse indicated all seats/barricades in the public right-of-way will be removed by the Dillsburg Public Works Department.
- B. Discuss/Taken Action – 630 US Rte 15 North Drainage and Safety Concerns – Council Member Baldwin stated it has come to the Borough’s attention that there may be possible drainage and safety problems on the property located at 630 US Rte 15 North. Borough Engineers, KPI, must investigate the alleged situation and report to Council before further action can be taken. Council Member Baldwin moved to authorize KPI to investigate the alleged drainage and safety problems on the property located at 630 US Rte 15 North and advise Council of the findings. Motion was seconded by Council Member Zeiders. Council Member Whitzel asked who owns the property at 630 US Rte 15 North and what is the problem. Manager Deibler indicated it is at Miller’s Auto Sales and there have been complaints since the lot has been blacktopped without doing any storm water management. Manager Deibler indicated water is running off his property onto Route 15 and to the surrounding properties. Council Member Whitzel asked if there was any drainage there presently. Engineer Knoebel

stated he didn't know and it's something they need to look into. Council Member Whitzel asked if the lot was previously all paved. Manager Deibler indicated the lot was partially stone and is now all paved. Manager Deibler indicated they aren't sure if there is a problem, this is why a study is being requested by the Borough for KPI to investigate. Council Member Whitzel asked if there are pictures from previous rain storms. Manager Deibler stated she hasn't seen any pictures. Roll call was taken and motion was carried unanimously. Council Member Whitzel asked why this issue was under Public Safety. Manager Deibler indicated there is a concern the water will freeze and create ice patches on Route 15 and surrounding properties. Council Member Whitzel asked when the complaints started. Manager Deibler stated the first time she was made aware of the situation was two weeks ago. Council Member Whitzel stated the Borough should contact Carroll Township and ask them to release any information they might have on the situation. Engineer Knoebel indicated he would contact the engineer from Carroll Township. Council Member Whitzel asked if the Borough could find out when the paving was completed. Manager Deibler stated they didn't apply for a permit, so there is no record of this. Engineer Knoebel stated they would contact Miller Auto Sales.

- C. Fire Police Appointment - Council Member Baldwin stated Dean Trump, Fire Police Captain, is requesting the Borough appoint Carlos Trump as a member of the Fire Police. Carlos is a Dillsburg area resident, a former police officer, an active member of Citizens Hose Company No. 1 and will be an asset to the Fire Police. Council Member Baldwin moved to appoint Carlos Trump as a member of the Dillsburg Fire Police organization. This Proposed Budget will not create a necessity for a real estate or occupational assessment tax increase. The 2009 Proposed Budget will be placed on public display from now until the December 9, 2008 Council Meeting at which time formal action by Council will be taken.
