Ending Balance:	\$17,398.56
Grant Account:	\$21,099.87
Interest	\$7.83
Ending Balance:	\$21,107.70

Tom will investigate why the interest on the grant account is so low this month.

Tom will submit next years request to Dillsburg Borough for funds by August.

Lacrosse: Lacrosse requested the use of the upper soccer fields for the next 5 Saturday mornings for clinics. As there was no conflict with soccer, permission was granted.

Walking Path: The bid packets have been prepared. The first advertisement went out the previous Thursday, the second will go out tomorrow, the third the next Thursday. Bid opening is set for Thursday, July 8th at 2:00.

Gary Reihart has agreed to continue the path from Northen Dancer Drive to the park, on the other side of the stream, but not across the stream. Crossing the stream will have to be done by someone else, possibly as an Eagle Scout project.

Speed Bumps: it was decided to wait and see if we can have them installed with the path, depending on who the contractor is. It was noticed that additional macadam was laid down further paving the road down the side of the park.

Garbage Cans: The garbage cans have been seen overflowing on a consistent basis. They are too big for most "women" to empty and Sam isn't able to empty them on a regular basis like he used to. "The guys" said they would try to check and empty them more often so that they would not be as heavy and should not overflow. At some point, we may need to make some type of arrangements for them to be emptied on a regular basis.

Dillsburg Borough Meeting: Dillsburg Borough would like us to attend their meeting on Tuesday, July 14th.

Meeting adjourned at 7:45

Submitted by Lynn Sanders, Secretary, Logan Park Authority.
