

Logan Park Authority  
Meeting Minutes  
Meeting Date: July 18, 2012

Logan Park Authority Members Present: Terri Hildebrand, Adrian Piechowicz, Shelvy Moorhead, Bill Cressler, Bob Ingham, Wanda Godar, and Holly Kelly.

Others in Attendance: none

Meeting Called to Order: Vice-Chair Terri Hildebrand called the meeting to order at 7:00 pm.

Reading and Approval of the Minutes: The Board reviewed the minutes of the June 20, 2012 meeting. Bill Cressler requested that the last sentence under the Old Business Section about "Mowing" be changed from: "The Board agreed to have it done but only for every other mowing since it's not an area of high traffic." to "The Board agreed to keep an eye on it since the Township has been mowing this section of the Park." With this correction the minutes were approved.

Treasurer's Report: Adrian Piechowicz reviewed the treasurer's report and commented that the increase in mowing cost is because the softball team is no longer paying for the mowing of its field since their season has concluded.

Visitors Presentation: No visitors were at the meeting.

#### Old Business

*Residents' Use of Park Property:* Mr. Cressler reported that Chairman Hess met with Carroll Township's code enforcement officer and the Dillsburg Borough supervisors. It was his understanding that the code enforcement officer will meet with the residents who are using Park property. Mr. Ingham has talked to all the Park neighbors along the path on the barn-side of the Park. All but one understand the Park's concerns about plant debris on its property and several have collaborated with Mr. Ingham to remove undergrowth and place tan bark on adjoining Park and private property. Branches from Park trees have been removed from private property over the past 12 months. Future concerns with branches will be handled by Mr. Ingham and Mr. Bair. One resident whose property adjoins the Park's property below the path has not removed the debris. Mr. Ingham will contact this resident in person in order to resolve this issue.

*Tot Lot Equipment:* Mr. Piechowicz will contact the company which installed the playground equipment to do an equipment check.

*Dust Control:* Mr. Ingham contacted a paving company regarding cost for adding tar and chip and four speed bumps on the Park's road. They responded that they could do the job at \$450 per speed bump; but that the speed bumps will last much longer if they are placed on a paved (with macadam) surface. Mr. Ingham has a \$5000 offer from a private citizen to donate the cost of installing a basketball court which requires a macadam surface. Mr. Ingham hopes to be able get a reduction on the cost of using macadam on the Park road down the corner (in place of tar/chip) by also offering the company the opportunity to pave the basketball court. Mr. Ingham will report the results of his negotiation at the next meeting at which the time the Board will have to approve the funds to be included in the Park's 2013 Budget due August 31, 2012.

### New Business

*Pavilion Reservations:* Ms. Moorhead reported that she has placed Pavilion confirmation information on the Park's letterhead. This revised document now also includes information about the need to read the Park's Rules and Regulations located in the Pavilion. This generated a discussion that the Rules and Regulations are not yet posted in the Pavilion. Mr. Ingham will use a board currently in the old concession stand and place it along with the Rules and Regulations in the pavilion. It was also suggested that the Rules and Regulations get laminated and copies placed in each Rest Room.

*Pavilion Picnic Tables:* Mr. Ingham agreed to repair the broken picnic tables.

*Pet Waste Bags:* Ms. Kelly reported on several pet waste bags options. The current budget has funds allocated for this expense. After some discussion a motion was made and voted on (with one vote against the motion) to purchase two bag holders for \$94 along with extra bags. Ms. Kelly will purchase this herself and then ask for reimbursement. It was noted that the dog waste bag expense needs to be included in the 2013 budget.

The meeting was adjourned at 8:20 pm.
