Old Business:

- Visitor's presentation: Kim McKonley asked if it was OK to come to the Park on the night before (on June 9th) the "Party in the Park" to mark the locations of vendors. This was approved. She said all is going well and their volunteers will be responsible for clean-up.

-DASC have requested to use the meeting room. Terri suggested that Ted Pawlick take charge of being the contact person for use of meeting room.

- Bill Cressler will check on our insurance coverage, he thinks that the bill is paid by Carroll Twp.

- Update on lawsuit:

The legal system is taking care of this, and they will probably have questions about maintenance at the park.

- New grills have arrived and will be installed.

- Mowing in lower field. Bob Ingham will talk to the Carroll Twp road crew about mowing the lower part as described by Nancy.( All the way down to the water line "right of way" and straight out to the far boundry) She also requested that the rest of the field not to be mowed until late October to allow the wildflowers to keep blooming.

New Business: 1. Uses for area where tree was removed- Bob said we might consider if there is enough room for the half basketball court.

2. Terri mentioned that she and Kay saw smaller covered picnic tables recently in a state park which we might want to consider. The new Dillsburg park has solar lights that Terri suggested members check out and see if this might be something to consider in the future for the lower part of the park.
