Greetings from the Borough Council President

Greetings Residents, Business and Property Owners,

I would like to extend a HUGE thank you to the Borough Manager, staff and maintenance for the hard work getting years *and years and years* of "stuff" moved from the old borough office and maintenance building to our new location on Chestnut Street. We are getting everything finalized and plan to have an Open House after Farmers Fair. More to follow on date and time. We look forward to seeing you there.

The 107th Farmers Fair will be October 10 – 15, 2022. This has been a great event for the Borough of Dillsburg, and it takes year-round work from a group of dedicated men and women. Please have a great time and take a moment to thank those who put forth a great amount of time to make the Farmers Fair an event that attracts folks from all over.

With winter coming, it is highly likely there will be "some" snow. A reminder to keep your sidewalks clear and please do not put snow in the streets. Brian and Kevin work hard to keep the roads clear as possible. Also be aware of the parking restrictions during snow emergencies.

The Dillsburg Council Committee meetings are the first Tuesday of the month and the Council Business meetings are the second Tuesday of the month. They are held at the new Borough Building 233 South Chestnut Street and are open to the public.

I would like to take the opportunity to thank all the first responders and service men and woman. We greatly appreciate your service and are thankful for all you do!

Have a joyous Holiday Season... Please check the Borough calendar, www.dillsburg.com, for all the great events through the remainder of the year!

Sincerely,

Matt Fawber, Dillsburg Borough Council President

MS4 Update

As the winter weather approaches, keep in mind salt and other materials we use to melt ice and provide traction can runoff into the waterways and contribute to stormwater runoff pollution.

Here are some winter tips:

- * Shovel early! The sooner you shovel the less likely it is for ice and snow to buildup and you will not need to use much salt.
- * Don't over salt! Salt takes time to work. Extra salt doesn't increase its effectiveness.
- * Read the bag! Certain de-icers/salts have less environmental impact. Look for eco-friendly products that contain acetate, potassium chloride or magnesium chloride. Avoid products containing sodium chloride and calcium chloride which are more harmful to vegetation, pets and wildlife.
- * Check the temperature! Many de-icers don't work in temperatures below 15 degrees Fahrenheit.
- * Cracked corn can be an effective and more environmentally friendly traction action. Sand and kitty litter may work but can clog storm drains and contribute to runoff pollution.
- * Sweep up excess salt and traction agents before they runoff into our streams.

Emergency Management Agency Updates

All municipalities in Pennsylvania must plan for disasters as per Pennsylvania State Law Title 35 (Health and Safety) which requires municipalities to have a place, a staff and a plan dedicated to **disaster preparedness**. Our unified group consisting of Dillsburg, Carroll Twp, Franklintown, Monaghan Twp, Warrington Twp, & Wellsville is called **NEMA** (Northern York County Unified EMA) and our mission is to provide for the protection of persons & property in disasters affecting the Northern York County community at large.

We had a busy Spring & Summer meeting the three essential requirements of Title 35

*NEMA moved into an emergency operation center (EOC) in the new Dillsburg Borough Office.

*NEMA added some new staff members to our organization.

*NEMA assisted our municipalities to update their emergency operation plan (EOP) and file copies with York County OEM (Office of Emergency Management). All six municipalities are now current with 2022 Basic Plans which will help obtain disaster funding if needed.

So what's next?

Most of our disasters in Pennsylvania are weather related and our Elderly Residents/Seniors are vulnerable to temperature extremes, power outages and mechanical failures with heating and cooling equipment. A Plan is necessary if our Seniors need to leave their home for a short time to stay warm or cool depending on the season. The Plan must involve the Family, Friends or Neighbors of the Senior Residents because there are never enough First Responders to help everyone. Thus, NEMA is moving forward with a two-pronged plan to help our Seniors.

The Plan is two-pronged: it requires (1) Family/Friends/Neighbors to work with Seniors on a Plan and (2) a back-up network of local warming/cooling Stations.

1. Starting today, our Seniors must create a plan with their Family, Friends or Neighbors to determine where they will go, how they will get there and what they should take.
 - a. Communicate with each other now.
 - b. Determine where you will go with the assistance of Family/Friends/Neighbors.
 - c. Determine how you will get there
 - d. Share your contact info and the address of the destination you agreed on.
 - e. Take only the essentials- medicine, change of clothes, snack, water, mobile phone
2. NEMA started creating a network of Warming/Cooling Stations in our communities that can be a **back-up** for our Seniors "in a pinch" to stay warm or cool for several hours, depending on the emergency. The locations will be Fire Halls, Places of Worship and other facilities. We are planning to have the network ready by December 1, 2022.
 - a. We're canvassing possible sites for Warming/Cooling Stations now
 - b. We will "advertise" those sites through our Municipal Government websites
 - c. We will make Police, Firefighters and other organizations aware of those sites

The Warming/Cooling Stations will NOT be a long term fix. They will be used only as a back-up when Family/Friends/Neighbors are not able to provide short-term shelter. The severe winter and summer weather of 2022 affected our Elderly Residents to the point where some required hospitalization due to dehydration and other issues. A place to go to stay warm or cool for a short time may help our Seniors avoid a trip to the hospital.

NEMA Chairperson and Coordinator

Removing Snow from Driveways

Below is a diagram from PennDOT, illustrating the appropriate way to remove snow from your driveways:

Snow Emergency Parking

Miller Brothers Construction and the Borough of Dillsburg have worked together to have a place for residents to park during a snow emergency. MBC will allow residents to park in the **REAR** lot of the Dollar General located on North Baltimore Street. All residents who park there must park only in the rear lot. If anyone parks in the front or side lot, in front of Rose Alley, you risk being towed at your expense. All parking during the snow emergency must be to the rear of Rose Alley and be removed as soon as the snow emergency is lifted. We thank you for your cooperation so that this does not interfere with the operation of the businesses at this location and can continue to help our community.

Preparing Mailboxes for Winter

The Borough Public Works supervisor reminds residents living along local roads that now is the time to prepare your mailboxes for the winter months. Snow thrown from plows can easily damage mailboxes that are not prepared. Mailboxes are normally placed within the state's legal right-of-way; however, **mailbox damage is the responsibility of the property owner.** If a mailbox is placed as far from the edge of the road (in other words, the mailboxes should not overhang past the curb) and the mailbox should be placed on a sturdy support, it should be able to withstand the force of snow thrown from a plow. The Borough offers these tips to help reduce the risk of mailbox damage.

- Place a 6 to 8 inch piece of reflective tape on the mailbox to help snow plow operators see it at night.
- Remove snow from around the mailbox, but never throw it back onto the road.
- If the mailbox is located within the right-of-way and damage was experienced in the past, homeowners may want to consider repositioning the mailbox before winter.

Friendly and Safety reminders

Streetlights - Please call the Borough Office if you know of a streetlight that is not working properly. You must know the exact location of the light or pole number in question and the nature of the problem. The Borough office staff will then contact Met-Ed. Met-Ed will then add the situation to their work order list and will be out to verify, and possibly correct, the problem as their schedule allows.

Parking Fines – If you receive a parking ticket in the Borough, the fee will be \$25.00. If paid to the Dillsburg Borough within 72 hours the fine is reduced to \$15.00. If not paid within that time frame it will be turned over to the District Justice.

York County Area Agency on Aging

Preventing Falls at Home: A Home Safety Checklist - Why should you be concerned about preventing falls in your home? For many of us, the home provides the most basic need of shelter from elements and intruders. It also provides comfort and a place for self-expression vital for our well-being. Our home can give us a feeling of independence, but it can also become a barrier if we become susceptible to falls or a fear of falling. Make your home safe: Since most falls happen at home, fall proof your home.

Follow these suggestions:

Front Door:

- * Make sure steps to your home are not broken or uneven.
- * Make sure all entry ways are well lit so you can see where you are stepping
- * Consider installing a railing at the steps to make the steps safer for you.
- * There should be good even lighting through the house.

Kitchen:

- * Move your most commonly used items within reach, by placing them on the lowest shelves.
- * Remove scatter rugs, or replace them with rubber backed rugs.
- * Clean up spills immediately.

Stairs:

- * Keep steps clutter free.
- * Try to have lighting at the top and bottom of stairs.
- * Have handrails on both sides to help maintain your balance.

Bedroom:

- * Make sure the light near the bed is easy to reach.
- * Keep the path to the bathroom clear and make sure it is well lit. Use a nightlight.

Bathroom:

- * Add safety strips to the bottom of the shower or tub.
- * Use a shower chair or tub transfer bench.

Hallway:

- * Check your lighting but don't change the bulbs yourself. Ask your family or friends to change the light bulb when needed, so you don't have to climb up on a chair or ladder.

Single Stream Recycling

Here's how you can help:

1. There is no limit on recycling and it is mandatory.
2. Recyclables can be mixed in the recycling bin.
3. Bundle and flattened any large loose pieces of cardboard that will not fit in your recycling bin.
4. If the weather forecast is windy or wet, be sure newspaper is covered by heavier material so it doesn't blow away or get wet or keep it until the next week.
5. Check out the new guidelines below to learn how to recycle successfully.

For decades, China has used recyclables from around the world to supply its manufacturing boom. The U.S. exports about 1/3 of its recycling and nearly half of that goes to China. China recently declared that foreign recycling includes too many other non-recyclable materials that are dirty, or even hazardous, and has listed 24 kinds of solid wastes it plans to ban in the order to protect China's environmental interests and people's health. Part of the crackdown has to do with what the industry call's "wishful recycling", hoping whatever goes in the bin can be used again. You can help by making sure you are putting the right stuff in the recycling bin. Bottle caps, plastic bags, and pizza boxes are the most common, no-nos. So "when in doubt—throw it out" has become the new industry standard. Find more information online from Penn Waste at <http://www.pennwaste.com/resources/blog>.

Trash Pick-up

Penn Waste's regularly scheduled trash/recycling pick-up days are Wednesday mornings.

One bulk item per week that can be lifted by two men is allowed to be placed out on your regular trash day for pick-up. Appliances containing Freon must be prescheduled by calling Penn Waste at 1-866-575-8720. For safety purposes, doors to appliances must be removed. Pay-per-bag customers must attach a Penn Waste trash bag to the bulk item. **Acceptable Bulk items include:** Furniture, washer/dyer, hot water tank, dish washers, mattresses, carpet (4' length rolled/tied), lawn mowers (must have a dry fuel tank and lids removed), automobile tires off the rim (1 per week). **Unacceptable Bulk items include:** Household hazardous waste, chemicals, propane tanks, yard waste, construction waste and loose piles.

Electronics Recycling

As of January 24, 2013, by law Penn Waste is not allowed to collect your electronic waste.

The Covered Devices Recycling Act prohibits residents and businesses from placing their electronic waste at the curb or in their trash.

Covered devices include: desktop computers, laptops, monitors, computer peripherals (keyboard, mouse, printer & speakers), televisions and e-readers that browse the Internet.

The Fairview Township's Electronic Recycling Center, located at 55 Fairview Road, New Cumberland, PA 17070 is now open to all York County residents. For hours of operation or any questions check out their website at <http://twp.fairview.pa.us/>

Borough Ordinances

(Listed are a few ordinances that will be enforced and residents should be aware of. A complete listing can be found at the Borough office and/or the Dillsburg Borough website.)

Property Nuisances: Dillsburg Borough has both property and zoning ordinances that involve property nuisances. Grass, weeds, trees, bushes and other vegetation should be cut or trimmed to prevent overhanging, unsafe conditions and unsightly and/or obnoxious areas. There should not be an accumulation of trash, rubbish, building materials, junk, etc. on your property that could be considered a fire hazard and/ or harborage for snakes, rodents or other vermin. All vehicles, whether on the street or on your property, must be registered, licensed and inspected.

Snow/Ice Removal: All sidewalks must be cleared within 24 hours of the precipitation stopping. Failure to clear sidewalks COULD result in fines being issued to the property owners. Snow and ice may NOT be deposited onto the streets and alleys in the Borough. Remember to be aware of the Snow Emergency routes and move your vehicles from the area if a Snow emergency is called. The streets designated as snow emergency routes within the Borough are as follows: Baltimore Street, York Street, Harrisburg Street, Harrisburg Pike and Chestnut Street.

Animals: Ordinance 1988-3 relates to the custody and keeping of animals within the Borough. This Ordinance pertains to the number and type of animals allowed in the Borough, as well as issues dealing with noise, animals running at large and befouling property. An application for a permit is required in order to keep more than 4 dogs & cats, in aggregate number, more than 6 months of age on any premises, regardless of the number of owners. Please be courteous to your neighbors. Take noisy pets indoors. All dogs and cats must be under the control of their owner at all times. It is unlawful for any person owning or having custody of an animal to permit that animal to defecate upon any public or private property, other than that of the owner or custodian. If an animal does defecate on public or private property, the owner or custodian must dispose of any feces in a non-leaking container for deposit in a trash container. PA state law requires all dogs over 3 month of age to be licensed. The following local agent can assist with a yearly license: Diller Landscape, Feed and Tack, 628 Sawmill Road, Mechanicsburg, PA 17055, Phone #717-766-7779. Lifetime licenses are issued only by the York County Treasurer's Office. An application for a lifetime dog license can be downloaded from their website www.yorkcountypa.org. Click on Departments, Treasurer and Dog license.

Curfew: The Borough has a curfew ordinance in effect which regulates the times that young people can lawfully be in or upon the streets of the Borough during evening hours. It is unlawful for any minor under the age of 18 to remain in or upon a public place between 11:00 pm and 6:00 am. There are some exceptions. A copy of the ordinance can be obtained at the Borough office.

Noise: The operation of mechanically powered devices such as lawn mowers, tractors, power tools, chain saws, model airplanes and cars, and similar mechanically powered devices, between the hours of 10:00 pm and 6:30 am anywhere within the Borough where such can be heard, and therefore be an annoyance, to a reasonable person of normal sensitivities.

Farmers' Fair Information

Please join us for our 107th Annual Farmers' Fair slated the week of October 10 - October 15, 2022.

Please visit www.dillsburgfarmersfair.org for parade registration, scheduled events, news and rules.

•Due to large crowds & safety concerns, **pets** (except service animals), **bicycles & skateboards** are **NOT** welcome at Farmers' Fair.

•Authorized vendors only.

•No weapons (including toy weapons) and No solicitations.

No furniture, ropes, tape or barricades.....

Please be advised that in the past, many of the barricades and chairs, while placed in front of a property owner's residence, were placed within the Borough or Penn DOT right-of-way. Some created safety issues. Borough Council will be taking the proper measures this year to have the Public Works Department **remove any improperly placed furniture, ropes, tape or barricades** which prevent general public access to the sidewalk, curb and street area which is within the Dillsburg Borough or Penn DOT right-of-way which are placed **before streets are closed on Friday, October 14th**. Chairs, blankets, etc **MAY NOT** be placed on the ADA ramps at any time.

Borough Council certainly doesn't wish to discourage those persons living along the parade routes from obtaining the best seating in front of their residence, but obstructions placed solely to prevent others from utilizing the public right-of-way will not be tolerated. As such, we look forward to a better situation during the 2022 Farmers' Fair with the cooperation of Dillsburg Borough residents living along the parade routes.

Thank you, Dillsburg Borough Council
